

## 12090 PARAPET WALL GUARDRAIL SYSTEM

### PARAPET WALL GUARDRAIL #12090 FOR COMMERCIAL ROOFS

- Assembles Quickly from inside of parapet
- Parapet bracket weighs only 19lbs. full assembled
- The guard post is included with the #12090 system.
- Post height can be adjusted for wall height
- Individual units can be moved without complete dis-assembly of units and guardrail posts
- Adjusts to wall width 4" to 24"
- Maximum spacing 8' apart
- Complies with OSHA regulations
- Powder coated safety yellow
- Made in America

The Acro parapet system model #12090 is one example which offers contractors the ability to set-up their fall protection quickly without additional hardware. This system does not penetrate the building as the safety bracket simply locks onto the parapet with an adjustable hand screw. Cross rails require no tensioning.
